Every frame, done by morning

An overnight render farm for freelance 3D artists, billed by the frame.

The Afterimage team

Send the scene in the evening and see its price before it starts. The farm works through the frames while you sleep; every frame is back and ready by morning.

Tonight's queue

Scene	Frames	State
Tunnel, v12	240	Rendering
Lobby, turntable	120	Queued
Foyer, still	1	Queued

Pricing

A frame costs four pence at up to 3840 by 2160. Count the frames in a shot and you know the bill before you send it.

You don't take a photograph, you make it.

Ansel Adams
